Chlorodyne.
CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.
ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr. J Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.
Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M.'s Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr. Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.
From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."
Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."
Extract from the General Board of Health London, as to its efficacy in Cholera.
"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."
From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."
CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d. and 4s. 6d. ju24 lyw

The Infallible Remedy.
H[illegible] [illegible]t.
[illegible]ntracted or Stiff Joints.
All the medicines in the London dispensaries would barely benefit, much less cure, any [illegible] cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be [illegible] Paralytic patients even can derive advantages from this fine remedy when other means fail.
Scorbutic Humours,—Scald Head and Skin Diseases.
Scorbutic humours arise from an impure state of the blood, and in most cases the liver and stomach are the [illegible] at fault. The Pills will speedily restore [illegible] while the Ointment, if [illegible] twice a day, will soon cure [illegible] case. Soldiers, sailors, and [illegible] famous Ointment in all parts of [illegible]
Disorders of [illegible] Kidneys, Stone and Gravel
In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.
Diptheria, Sore Throats, &c.
These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.
Bad Legs, Bad Breasts.—Old Wounds, Sores and Ulcers.
It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.
Gout and Rheumatism.
Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the pain-giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.
Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chilblains	Glandular Swellings	Sore-throats
Bad Breasts	Chapped Hands	Lumbago	Skin-diseases
Burns	Corns (Soft)	Piles	Scurvy
Bunions	Cancers	Rheumatism	Sore-heads
Bite of Mosquitoes and Sand-Flies	Contracted and Stiff Joints	Scalds	Tumours
Coco-bay	Elephantiasis	Sore Nipples	Ulcers
Chiego-foot	Fistulas		Wounds
	Gout		Yaws

MR. CARDWELL AND THE COLONY.

In our yesterday's issue we gave Mr. Cardwell's despatch, with the opinion of the Attorney General and Solicitor General of England, on the question of the Crown Lands. The effect on the community has been as any one might have expected. From one end of the city to the other there is nothing but the intensest indignation—if we except perhaps that exponent of Hudson's Bay officialism and land aggrandizing prelacy—our morning contemporary. This delectable institution, with characteristic brilliancy and principle, thinks the gigantic outrage on the colony perpetrated by the Hudson's Bay Company of the first part and Her Majesty's Government of the second, rather a good joke than otherwise, and rubs its hands with a glee that Uriah Heep might have envied. "The title of the Hudson's Bay Company to the town site is recognised, the Church reserve is the property of the Church of England," and Uriah "washes his hands with invisible soap in imperceptible water." We have seen newspapers without much pretence to principle do a great many very iniquitous things, but we think yesterday's *Chronicle* eclipses anything in the whole history of journalism. To glory in the most shameful transaction of which the Home Government has been guilty since the days of Walpole—to laugh with joy over the spoliation of our public lands—to go into raptures at the idea of Bishop Hills possessing himself of a city square—is something either very near akin to idiocy or verging on the malignant. We notice the fact not because it is really worth in itself the attention of any person in the colony or out of it, but because it is the only effort—feeble and unprincipled as it may be—that has been made or could be made, even in this patient community, to justify and gloat over an act of injustice that leaves the Vancouver Island public without an acre of land they can call their own.

Mr. Cardwell shows in his despatch that he is very anxious that the question of the Crown Lands should be settled, and makes the manner and terms of settlement quite subordinate things to the desire for concluding the negotiations; but we think, after all, he has overshot the mark. The colony has not yet consented to the Civil List, and there is not much probability now that it will. So long as there was anything like sincerity and integrity to be hoped for from the Colonial Office, on the question of the Crown Lands, we were willing to assume all the burdens, with certain stipulations. The whole face of things is now, however, changed. We are told distinctly that we are not to have a cent's worth of all the land claimed by the Company, or an inch of any of the disputed reserves; and in the face of this we are to vote $15,000 for the Governor and the other thousands of the Civil List. We know as a colony we have very little outside force. We know also that in coming into collision with the Home Government we may lose in many cases more than we can hope to gain; but we know that we have at the same time certain powers which Mr. Cardwell dare not touch, and powers that can if properly applied render for all practical purposes the decision of the most learned the Attorney General and the ultimatum of the Colonial office null and void. There is a way to make the "Lord Bishop" drop his ill-gotten acres as the Irishman did the hot potato; and it will be done. Vancouver Island belongs to the British people who are on it; and not the pompous and scheming Sir Edmund Head; nor the fussy Barnacles of the Colonial Office; nor all the unctious Grace of speculative divines will block up our pathway to right and justice. What we have got we will maintain, and what we are wronged of we shall have. Our parental guardians have taken an inauspicious moment to carry out their high-handed measures. They have dealt us a blow at a time when the nationality of British North America is trembling in the balance—they have tried to disgust us with British rule when the cry of annexation is heard from one side of the continent to the other—when everything that America can do is being done to draw the British colonies within the folds of the Republic, our patrimony is taken from us through Imperial instigation, and we are asked to stoop down meekly, as a beast of burden, and for partaking of the benefits of so benign a Government, assume the crushing weight of a ruinous taxation? Is this the way to build up British sentiment on the Pacific coast? Is it the way to make the British name respected?

TIGER FESTIVAL.—The members of the Tiger Engine Company No. 2, with a few guests, attended at the Company's Engine House, Johnson street, last evening on the invitation of their Foreman, Mr. J. E. Hunt, to celebrate his wedding. A splendid bridal cake from the establishment of Messrs. Piper and Alisky, surmounted with the figure of a tiger, and other well executed emblems, and adorned with the name of the company in gilt letters decorated the table on which was spread a copious supply of champagne and other refreshments. The worthy bridegroom on entering was loudly cheered, and the President of the Board of Delegates, Mr. Chas. Gowen, thereupon proposed several toasts in succession which were heartily received, and responded to by Messrs. Hunt, Drummond, McCrea, Burnes, Dr. Powell, members of the Press, and officers of the Department. The joviality and good will manifested by all present contributed to a most agreeable evening. Our printers have to thank the bridegroom for regaling them with cake and wine.

NOVEL ENTERTAINMENT—To-night some rare attractions will be presented at the theatre. After the performance of the drama of Ben Bolt and the splendid little musical farce of the "Bonnie Fishwife" in which Fanny Morgan Phelps achieved such success during her first engagement in this city, there will be a presentation of 30 valuable presents among the audience, including elegant bracelets, combs in sets, and a large collection of books, all of which are on view to-day at the box office. Every person purchasing a dress circle ticket will have a chance in the distribution.

MR. AIKMAN'S APPLICATION — The adjourned application of Mr. H. W. B. Aikman to be admitted and enrolled as Attorney of the Supreme Court of this colony, came up yesterday before His Honor the Chief Justice. Mr. Bishop withdrew all opposition and testified to the ability and integrity of the applicant. At the suggestion of Mr. Ring, His Honor consented to the admission of Mr. Aikman during Hillary term upon the production of a certificate of his competency from Messrs. McCreight, Pearkes and Green, who were appointed the examiners.

ACCIDENT.—A son of Mr. Brown, of Parson's Bridge, while standing with hands resting over the muzzle of his rifle, caused the gun to go off, and the ball taking one of the fingers of the right hand off passed through the palm of his left hand. Application was made for the admission of the boy into the Naval Hospital, and Admiral Denman immediately on hearing of the accident kindly caused the sufferer to be conveyed there and placed under proper medical treatment.

LEECH RIVER.—From Mr. Alfred Barnett, who arrived last evening from Leech River, we learn that there has been another severe flood at the mines and the bridge has been carried away. Snow commenced falling during Wednesday night and lay nearly 12 inches deep in some places on the road. Mr. Homfray is still engaged in surveying for the new ditch, the bad weather having interfered with his work. There are about 70 miners on the creek, the majority of whom are compelled to be idle.

THE WEATHER.—Although the wind has abated the weather continues variable, wet and unpleasant. Yesterday morning there was another heavy fall of rain, that turned during the day into sleet. In the afternoon, when it cleared up, the neighboring hills presented a thick mantle of snow. The Olympian mountains are also clad with a thick wintry vesture.

HIGH TIDES.—The late gales have caused very high tides in all directions, while the heavy rains have been the means of swelling every rivulet and stream and filling the Straits with drift wood.

SINGULAR COINCIDENCE.—Within twenty four hours three firemen, a member from each of the companies have entwined themselves in the Gordian knot. Scarlet acts as a talisman all the world over.

THE WHISKY TRAFFIC.—Sergeant Ferrall and police officers seized a quantity of whiskey while leaving the harbor in a Fort Rupert canoe, on its way north.

THE GOVERNMENT GAZETTE contains the Royal confirmation of the appointment of Henry Wakeford, Esq., as Auditor General of this colony.

COAL—The schooner Discovery with 70 tons of Nanaimo coal is now discharging at Kavanagh & Co's. Wharf, Bridge Wharf.

CHEAP GOODS.—Heavy tweed pants at $2 87½, and woollen cord pants at $3 at J. H. Brown's, Government street, opposite the *Chronicle* office, *

DANCING CLASSES—Mrs. Digby Palmer will resume her winter evening Dancing Classes for Ladies and Gentlemen, on Wednesday and Saturday evenings, at 8 o'clock. The class for children will be held on Wednesday and Saturday afternoons, at half-past three o'clock. The school will meet at Mrs. Digby Palmer's residence, on Douglas street, corner of Fort street. Mr. Palmer presides at the piano forte for both classes. Terms per month—Adults, $5; Juveniles, $3; Private Lessons, $8. *

SUPREME COURT—*Royer vs. LeClerc*—The plaintiff, as the administrator of Amedie, deceased, sued the defendant in trover for two horses or their value. Leclerc brought a cross action for the keep of the animals, and by consent both actions were tried together. Mr. Ring, instructed by Mr. Bishop, appeared for the plaintiff. Mr. Wood, instructed by Messrs. Pearkes & Green, for the defendant. The sale of the horses by Leclerc was admitted, but it was alleged that they were sold to prevent further expenses being incurred. Royer valued the horses at $200 and $110. Leclerc sold the $110 horse for $60 and the $200 horse at auction for $29. Several witnesses were examined on both sides, and the judge directed the jury to ascertain the value of the horses and the value of the keep, and to set the one against the other. The jury assessed the value of the horses at $150 and the value of their keep (for which $152 was claimed) at $25, leaving the defendant $125 to pay. The judge decided that Leclerc should pay the costs of the action for trover and Royer the costs of the cross action.

THE DEBATE LAST EVENING, "Whether Capital Punishment should be abolished or not," was carried on with great spirit. Messrs. Gilard, Fell and Babbit spoke at length in favor, and Rennie, Huskinson, Bull and Flint against its abolition. The time allowed for debate having expired, and taking into consideration that several members were unavoidably absent a motion was carried that the debate be reopened on Thursday evening next.

THE YELLOW VIRGIN CO.—Through a misprint in our Cariboo news in yesterday's COLONIST the $19,000 taken out by this company was said to be the result of *two* instead of *ten* days washing.

ANOTHER COAL MINE.—It is rumored that Mr. Horace Smith, the former Superintendent of police, has discovered a large seam of coal on the west coast, on which he has had men secretly at work for some time.

THE NEW IDEA was again well attended last evening, the entertainment being of a varied and attractive description, and producing much laughter and applause.

FOR PUGET SOUND.—The steamer Eliza Anderson left yesterday morning for Olympia and way ports.

HOUSE OF ASSEMBLY.

THURSDAY, Nov. 30.

House met at 3:15 p.m. Present: The Speaker, Messrs. DeCosmos, Powell, Dickson, McClure, Duncan, Trimble, Dennes, Carswell and Ash.

THE GOVERNOR'S SPEECH.

Mr. McClure applied for leave on behalf of the committee appointed to draft the reply to His Excellency's address, for one day's delay in preparing the same, which was granted.

PROBATE COURT.

Mr. Duncan, in pursuance of notice, moved for a return of the estates recorded in the Probate Court, together with a list of the names of the testates and intestates whose property had been administered to, and full particulars of the realization and disposition of the same. In so doing, he said that it was not necessary to dilate upon the necessity for some definite information on the matter.—Sums of money had been paid into the hands of the official for the time being, which had never been accounted for. He had no doubt that if his Honor the Chief Justice was applied to, the request would be complied with as far as practicable.

PUBLIC ECONOMY.

Dr. Dickson gave notice of motion that on a future day he should propose, "That with the view of exercising the greatest possible economy in the expenditure of the revenue of the colony, a standing committee be appointed, to consist of three members, with power to send for persons and papers, for the purpose of auditing the public accounts, such committee to be authorised to employ the services of an efficient clerk, if they deem it necessary, at a sum not exceeding three hundred dollars."

UNION.

Mr. DeCosmos, in pursuance of notice, moved "That His Excellency be requested to furnish copies of despatches and correspondence with reference to a resolution of the House passed in July last respecting the union of this colony with British Columbia. He said it was needless to enlarge again at any length upon the question of union, as its vital importance to the community at large was generally admitted. In July last Governor Kennedy was asked to transmit certain communications from that House to the Home Government, and to those documents as yet no answer had been received. It was a duty that the representatives of the people owed to their constituents to enquire into the cause of the delay. Carried.

THE FRANCHISE.

Mr. McClure gave notice of motion to introduce a bill to amend the Franchise Act of 1859.

BUSINESS OF THE HOUSE.

Mr. McClure, in pursuance of notice, moved that the House do meet on Mondays, Tuesdays and Thursdays at one o'clock p.m. He said that his object in suggesting this alteration was not so much to extend the limit of the time devoted to the public business, as to get the members to consent to certain days, and by remaining longer at one sitting to reduce the number of days requisite for attendance. A great deal of time was spent in walking backwards and forwards to the House to little purpose.

Upon the amendment of Mr. Duncan, Monday, Wednesday and Friday were decided upon, and passed nem. con., commencing on Monday next.

PUGET SOUND AGRICULTURAL CO.

Dr. Ash gave notice that on a future day he should move that a committee of five be appointed, with power of call for persons and papers, to enquire into all matters relating to the right and title of the Puget Sound Agricultural Company to hold lands in this colony, and also into the particulars of any claim made by or on behalf of that company on the Colonial Trust Fund.

BANKRUPTCY MATTERS.

Mr. Duncan in pursuance of notice moved for a return of all the persons who had been adjudicated bankrupts, with a detailed account of their estates, and the disposition of their assets. There had been sad maladministration in this court, and it had been a crying evil in the city. It was indispensable that commercial men should be placed in possession of these facts, to enable them to remedy the abuses, and to assist them in placing the court upon a proper footing. Passed.

MARRIAGE LICENSES.

Dr. Dickson gave notice of motion for a return to be made with as little delay as possible of the amount of money returned for Marriage Licenses from 1860 to 1865, with the disposition of the same.

BARRISTERS AND ATTORNEY'S BILL.

Mr. Duncan moved that this bill for amalgamating the two professions, thus enabling a client to employ one lawyer instead of two as heretofore, be read for the first time. Carried.

JURISDICTION OF INFERIOR COURTS.

Mr. Dennes asked leave to introduce a bill to increase the jurisdiction of the Inferior Court of Civil Justice. A similar bill had been brought before the House last session. It was intended to extend the amount that could be recoverable to £100, and that the court should hold its meetings twice a month which would be a great advantage to the mercantile classes. Leave granted.

LIEN LAW.

Mr. Duncan gave notice that on Thursday next he would ask leave to introduce a bill entitled the "Lien Law."

The House then adjourned until three o'clock to-day, when the Homestead Law, and the bill respecting Imprisonment for Debt will be taken up.

ST. ANDREW'S DAY.

The members of this Society met yesterday, at two p.m., for the installation of the officers elect. This completed, the members adjourned to the Presbyterian Church, where divine service was performed and an excellent discourse delivered by the chaplain, the Rev. T. Somerville, M.A. At seven o'clock the St. Andrew's annual dinner took place at the Colonial hotel. J. G. Shepherd, Esq., the President of the Society, occupied the chair. On his right sat His Excellency Governor Kennedy, and on his left Sir James Douglas, K.C.B. Among those present were D. Cameron, Esq., late Chief Justice; L. Franklin Esq., Mayor; Dr. Tolmie, M.L.A.; J. J. Cochrane, Esq., M.L.A., Vice-President; Captain Lang, V.V.R.C.; J. F. McCreight, Esq.; Rev. T. Somerville, M.A.; Jas. Lowe, Esq.; E. H. Jackson, Esq.; J. G. McKay, Esq.; Captain Reid and others, about forty in all. The room was decorated with flags, and the dinner was well provided by Mons. Driard. Messrs. Palmer, Wilson and Fischer enlivened the proceedings with some excellent music. A number of speeches were delivered, to which we had not the pleasure of listening.

The following is the printed list of toasts: "The Queen," proposed by the President; music, "God save the Queen" "The Royal Family," proposed by the President; music, "Rule Britannia." "His Excellency the Governor," proposed by the President, music "Wha'll be King but Charlie"; responded to by his Excellency Governor Kennedy. "The Navy, Army and Volunteers;" proposed by the President; responded to by senior officers present; music, "Red, White and Blue." "The Legislative Council and House of Assembly," proposed by Captain Reid; music, "Let Whig and Tory a' agree" "The Mayor and City Council;" proposed by Mr. J. S. Drummond; responded to by the Mayor; music, "What's a' the steer Kimmer." "The Clergy," proposed by Mr. J. G. McKay; responded to by the Chaplain; music, "Ye banks and braes o' bonnie Doon." "The St. Andrew's Society;" proposed by His Excellency the Governor; responded to by the President; music, "Scots wha hae." "The Patron of the Society;" proposed by the President; responded to by Sir Jas. Douglas; "Auld lang syne." "The Retiring Officers;" proposed by Chief Justice Cameron; responded to by Mr. D. M. Lang; music, "Here's ta the year that's awa." "The Newly Elected Officers;" proposed by Sir James Douglas; responded to by Vice President Stewart; music, "The Campbells are comin'." "Our Guests;" proposed by Mr. J. Lowe; music, "For a' that and a' that." "The Land we live in;" proposed by Mr. D. M. Lang; music, "Oh! why left I my hame." "Our American Neighbors;" proposed by Dr. Tolmie; responded to by Mr. J. A. McCrea; music, "Hail Columbia." "The Land o' Cakes;" proposed by Rev. T. Somerville; music, "The Blue Bells of Scotland." "The Brotherhood of St. Andrew;" proposed by Vice-President J. J. Cochrane; music, "Loudon's bonnie woods and braes." "The Press;" proposed by Mr. J. Wright; responded to by senior members present; "We're a' noddin." "The Ladies;" proposed by Mr. M. T. Johnston; responded to by Mr. McLean; music, "Green grow the rashes, O!"

THE BLACKFOOT MINES.

As some anxiety is felt to know something of these distant mines the following accounts may be of interest, always bearing in mind the source from which they emanate and that accounts received here represent the Eldorado as a comparative "fizzle."

The Walla Walla *Statesman* publishes the following correspondence from a man signing himself Peter Miller, who writes from Walla Walla on November 15th:—

Having recently arrived from the heart of the far-famed Blackfoot country, and having derived a good deal of experience from a sojourn of a year and a-half there, it has occurred to me that a few lines might not be uninteresting to your readers.

Much has already been said in its favor, and no doubt more will continue to be said, but as yet I have seen no report that has placed it beyond what it really is—the richest and most extensive gold-diggings ever discovered on this coast since the early days of California. Quartz mills have already found their way to within a few miles of the summit of the eastern side of the Rocky Mountains, and more are on their way, having been ordered during the past season. McClellan's Gulch, on this side, and Alder Gulch, on the eastern slope, are as yet the richest placer diggings which have yet been discovered, but many other gulches, nearly if not quite as good are known to exist on both sides. In Last Chance, on this side, a fine piece worth eighteen hundred and seventy six dollars, was picked up by one of the fortunate owners.

The climate during the winter, owing to the great altitude and northern position, is of course very severe; but the working season is much longer than many suppose, having lasted nearly six months last year. Through the past winter many poor fellows were severely frost-bitten, and having been among the number I can speak all the more feelingly. To this incident I owe my present visit to your beautiful valley, having come for the purpose of receiving proper medical treatment.

Last winter provisions were very high—flour two dollars per pound, and everything else in proportion; while the lovers of the weed were required to fork over a cool fifteen dollars per pound for tobacco. But as I met upwards of four thousand pack animals on the way, I presume there will be a different state of affairs this winter.

While crossing the Spokane river, or rather just as I reached this side, I was, through the polite attentions of a gentleman, commonly known as Irish Jim, relieved of all my loose cash, and the further necessity of taking care of my own mule, having received a blow from a stone on the left temple, which left me insensible for a long time, awakening to the sad reality that I was alone without either money, blankets or mules.

The *Mountaineer* gives the following:

Mr. Samuel Brooks, a citizen of the Dalles, has just returned from Montana Territory. He left Blackfoot City on the 31st of October, and reports that at the time of his departure, snow had fallen in the mines to the depth of from six to ten inches. There was a little snow in spots in Deer Lodge Valley, and a light fall had occurred in Hellgate Ronde, but had gone off, and the weather there was delightful. He found snow down the Hellgate Canyon to within ten miles of Big Blackfoot. In consequence of the cold weather, washing was pretty much suspended in the mines, but drifting operations continued with unabated energy.

The trade at Blackfoot City was quiet, and the following are the prices of leading articles: Flour—Salt Lake, per one hundred pounds, $23; Oregon, $25@$26, and some talk of advancing the price to $28. Bacon—cargo sales of Oregon at 50c, retailing at 60c@65c. Lard—retailing at 60c@70c. Beans, 40c@45c, with sales of damaged and inferior at 35c. Butter—Isthmus, $1; ranch, $1 50. Coffee—Rio, 90c; Costa Rica, $1; ground, $1. Tea—common black, $2 50; Japanese, $2 75@$3 25; choice green, $3 50. Dried Fruit—States apples, 62c@65; California peaches, 75c; States peaches, 65c. Sugar—Sandwich Island, 55c; S. F. refined 65c; crushed, 75c. New Orleans, 60c@65; Syrup—S. F. golden, 5 gallon kegs, $27 50; Belcher's St. Louis, $55 per 20 gallon keg. Fresh beef was retailing at 18c@65 per pound. The new diggings on the tributaries of the Big Blackfoot are situated about fifty miles from Hellgate, between Hellgate and Big Blackfoot rivers. Most of the ground yet proven to be good is on the tributaries of Elk Creek which flows out of the dividing ridge between the two rivers and empties into Big Blackfoot river ten miles below Stevens' Prairie. Diggings on the same range have been found north of the Big Blackfoot. These new discoveries are fifty miles this side of the Little Blackfoot mines, and are by that distance closer to the sources of supply on the Pacific side. There are about six hundred men in the new district, and they are generally very short of supplies and nearly destitute of the principal conveniences of miner's life. These new mines are of particular importance to the commercial community on this side of the mountains, as they are nearly as close to the head of navigation on Snake River as to Fort Benton and within a day's ride of Hellgate Valley—the agricultural district nearest to them. The prosperity of this valley secures a lucrative trade to this side in any event, and that prosperity is enhanced by the existence of such mines close to it.

Mr. Brooks brought back several fine specimens of gold quartz, and one specimen of galena, holding mechanically a large piece of gold. This is a combination hitherto, we believe, unheard of.

The following exciting incident is also related by the *Mountaineer*—

Gold Creek, or American Fork, is the name of a tributary of Hellgate river, which comes into that stream from the west side, about twelve miles below the Little Blackfoot. The creek carries a few hundred inches of water, and after falling very rapidly from a cluster of remarkably broken, bare granite peaks, debouches through a high, gravelly bottom, of half a mile in width, into the main Hellgate river. Gold was discovered on this creek on the flat and gravel parts in 1861, and has been worked ever since to a considerable profit. Some pretty rich gulches were found upon the tributary creeks, and some dozen of men are still at work on them. At the mouth of the creek a settlement of some twenty log houses was built in 1861-2, and a portion of the houses are now occupied, and a part of them were burnt down last year.—Four years ago the Blackfoot Indians infested the adjacent country, and one fortified corral bears marks of where these predatory savages tried to cut away the gate frames, to steal a band of horses which was enclosed in it at night. The gate was built with an iron frame, concealed between two boards, and the Indians patiently cut into the wood until their knives met the iron, when they desisted. This corral witnessed one of those cases of swift retributive vengeance which so frequently overtakes criminals in the mountains of Montana. The circumstances are these: Two men called at the camp of a man named Bull, who was camped on Elk City prairie, in the Nez Perces mines, in the fall of 1862, and asked to stay all night. Bull kindly entertained them, and they, with detestable ingratitude, got up in the night and stole five horses and mules from him. Bull, nothing discouraged by the fact that he was sick at the time with ague and fever, started with a friend in pursuit. Crossing the Bitter Root Mountains, one hundred and sixty miles to Fort Owen, he followed them down the Bitter Root river, thirty miles to Hellgate, and seventy-five miles up the Hellgate river to Gold Creek. Twenty days had elapsed and the thieves felt safe from pursuit. When Bull arrived in the camp he called upon a trader, to whom he had letters explaining his errand, and from him learned that the men were at that time in a neighboring drinking house. Hastily loading a double-barrelled shot-gun, accompanied by the friend who had attended him from Elk City, went over to the drinking house. The establishment was a low, hewn log cabin, with a thatched roof, and here were the long sought villains who had set him a-foot. One of them saw Bull as he came up, and immediately jumped upon a horse, which was hitched to the *corral* and fled. The other, whose name was Bill Arnett, was dealing a game of *monte*. As Bull entered the door Arnett recognized him. Springing to his feet, with his cards in one hand, with the other hand he reached for his pistol. But Bull was too quick for him and brought him to the ground dead, with two charges of of buckshot and slugs. The other man was pursued about ten miles down the river—caught—brought back, and hung on a gallows hastily improvised by two logs laid over the top of the *corral*, with a cross piece tied on it. Both were buried in a clump of bushes near by, which grew around a stagnant water hole, and Arnett was laid in the grave with his *monte* cards still grasped in his hand. The verdict of the miners was, "Served 'em right."—*Mountaineer*.

LETTER FROM COWICHAN.

SOMENOS, Cowichan, Nov. 29th.

THE MAGISTRACY.

EDITOR BRITISH COLONIST—SIR:—His Excellency has done us the honor to appoint us a magistrate, who seems anxious enough to deal out justice by the Imperial measure. All power to him, say I, but I'm a little afraid he will find his hands somewhat tied, without a constable. He says he will swear one in whenever he wants one, and this undoubtedly he may sometimes be able to do, but there are periods when men engaged in agricultural pursuits cannot easily be induced to leave their occupation, and at such times, should an occasion occur, he would find it difficult, if not impossible, to procure any one to undertake the office of constable. I think a constable who could be depended on and who at all seasons would be at hand to carry out the instructions of the magistrate and the requirements of the law is as necessary as the magistrate himself. As I believe Governor Kennedy is sufficiently an Englishman to dislike doing things by halves, I trust he will see that a constable is a necessary adjunct to a magistrate and act accordingly.

GALES AND FLOODS.

We had a few days ago what the Indians call a "hyas sollax wind," *anglice*, a very heavy gale. The roads in every direction have been choked, several Indian houses were blown down, stake and rider fences were levelled with the ground thousands of trees that had withstood the storms of many a winter's day—venerable fellows that had bowed their heads 'neath many a furious blast have at last been prostrated. Happily less harm has been done than might have been expected, beyond crushing a settler's cow shed and breaking any amount of fences, no material damage appears to have been done. I have heard of several narrow escapes, but a miss in such cases is as good as a mile. We have had a flood of a "hyas sollax" nature too, but it has also done but little damage and is fast subsiding.

MARVELLOUS DEER STALKING.

Strange hunting adventures are sometimes recorded, but I have seldom heard anything in that line more remarkable than the following: Mr. Potter, who has earned for himself the reputation of being the most successful as well as the most indefatigable hunter in the settlement, went out this morning and seeing at a distance of over a hundred yards a deer's head peering above some sallal bushes he fired at it and the head disappeared; he loaded his rifle again and walked a short distance towards the spot, when he saw what appeared to be the head of the same deer presenting itself in the same place. He took aim and fired again and the head disappeared for the second time. After loading again he went a few steps forward, the head appeared in the same place, another shot followed, and the head went down the third time. After reloading his rifle the marksman went up to the place and found to his astonishment three deer lying in a cluster, two of them actually lying across each other.

STEAM COMMUNICATION.

I am glad you have put us on a steamer again. It did one good to hear the welcome whistle as she steamed up Cowichan Bay on Saturday. Thanks to the steamer, we heard our old friend Mr. Browning yesterday, who, though he had been a truant for two Sundays, was as well received as ever, and fairly excelled himself on the subject of Mr. Monitor's old text of "Faith, Hope, and Charity."

I have, &c.,

WILLIAM SMITH.

THE BIG BEND.

We have been favored with the following extract from a letter received here yesterday from a Cariboo miner who left that country for the Big Bend and Blackfoot:—

COLVILLE, Nov. 7, 1865.

FRIEND ——, We arrived at New Fort Colville, otherwise Pinckney City, on the 3d inst.,—18 days from Cariboo. Said Pinckney City, by the way, is one of the meanest places a man ever got out of, being inhabited chiefly by thieves and cripples, who get their living out of the soldiers, all the others having left for Blackfoot. We are on our way to the latter mines and have about 370 miles to travel. From such items as we have been able to pick up we have seen no reason to regret that we gave Big Bend the go-by. Down through British Columbia, Big Bend was in every body's mouth; we couldn't get a man to say Blackfoot for $100, even in Colville it was the same—the wish being father to the thought—till about the time we got there, when the arrival of three or four men from Blackfoot gave things a turn *that* way. Capt. White's new steamer is nearly finished on the Columbia, 16 miles from Colville, at the spot where the English Boundary Commission wintered in 1860. I saw her myself; part of her machinery was in her on the 3rd, and they expect to launch her next Saturday; she will be ready to take a trip up the Columbia, a good way towards the mines, in about three weeks. The steamer is about the size of the Hope, and the Colville folks think she will knock the Thompson river route into a cocked hat next spring.

HOLLOWAY'S PILLS correct bile, prevent flatulency, cleanse the liver, purify the system, strengthen the stomach, increase the appetite, invigorate the nerves, promote health, and renew the lease of life. The daily sale of these invaluable Pills in all parts of the globe is perfectly astonishing. They are eagerly purchased by millions of persons who have heard of their extraordinary virtues, and are desirous to give them a trial. That trial never ends in disappointment. They are composed of rare balsams, "unmixed with baser matter." None need fear that there is any mineral or other noxious substances in them. Printed directions for their use accompany every box.

HOLLOWAY'S OINTMENT AND PILLS are an infallable remedy for bad legs, and all kinds of wounds. The surprising sale of these invaluable medicines, in every part of the civilized world, is the most convincing proof of their efficacy. They speedily cure bad legs, old wounds, scrofula, and diseases of the skin. Thousands of persons suffering from these dreadful maladies have been cured by these medicaments, after every other means had failed; and it is a fact, beyond all doubt, that here is no case, however obstinate, or however long standing, but may be quickly relieved, and ultimately cured, by these wonderful medicines. Their united action is irresistible, More need not be said in their praise. Let those who doubt their excellence give them a call.

HOLLOWAY'S PILLS AND OINTMENT.—In angry or indolent sores, and all skin diseases originating in impure or weak blood, or depraved secretions, the joint agency of Holloway's Pills and Ointment is perfectly irresistible. It is of little consequence how long these disorders may have lasted, or how sluggish and obstinate, or malignant they may seem, the daily application of the Ointment to the parts affected, and a course of these matchless Pills, will most certainly effect a cure, not temporary or superficial, but complete and permanent. Both the Ointment and Pills are composed of rare Balsams, unmixed with mercury or any other deleterious substance. They are, accordingly, as mild and safe as they are powerful and efficacious.

HOLLOWAY'S PILLS AND OINTMENT—Biliousness.—Dyspepsia.—There is no organ in the human body so liable to derangement as the liver. Food, fatigue, climate, and anxiety, all disorder its action, and renders its secretion—the bile—more or less depraved, superabundant, or scanty. The first symptoms should receive attention. A pain in the side, or the top of the shoulder, a harsh cough and difficulty of breathing, are signs of liver disease, which are removed without delay, by friction with Holloway's Ointment. The Pills should also be taken early. For all diseases of this vital organ, the action of these conjoined remedies is a specific, by checking the over supply of bile, regulating its secretion and giving nervous tone.

HOLLOWAY'S OINTMENT AND PILLS—These potent remedies constitute a *materia medica* in themselves, for there is no internal or external disorder controllable by medicine for which the one or the other of them is not a positive remedy—eruptions, tumors, scrofula, scurvy, cancer, asthma, rheumatism, gout, and dropsy entirely subside and disappear under the action of these joint medicines; and in cases of indigestion, sick headache, bile, liver complaints, debility, and other disorders originating in the internal organs, the Pills produce the most astounding results imaginable. The student of Nature knows how simple are her ways; if one preparation can throw out all the impurities of the blood, disease is conquered and art is triumphant, because it adopted the simplicity of Nature.

HOLLOWAY'S PILLS—Liver Complaints.—The virtue of these incomparable Pills are fully appreciated in every part of the civilized world. As they act on the general system through the circulation, there are few diseases which they cannot cure; but they are especially efficacious in all the disorders of the liver. For those they are an indubitable specific. They possess unrivalled potency for good, while they cannot do harm. A child might physic itself with these Pills, and without the slightest danger, except from such excess as would make the most wholesome ailment in the world an evil. By reducing the superfluous bile, regulating its due secretion, and giving tone to the stomach, they effect a permanent and perfect cure.

HOLLOWAY'S PILLS are undeniably the finest medicine in the world for biliousness and indigestion. In all cases of deranged stomach, determination of blood to the head, bile, sick headache, liver, and stomach complaints, there is no medicine known that will give immediate relief as these renowned Pills; young and old, rich and poor, patronize them, and so many cures are effected by their use, that their praise is sounded from the torrid to the frigid zone; in truth, persons who travel consider them a necessary requisite. In sultry weather or warm climates, or in India, the blood becomes overheated, the liver torpid, the skin covered with prickly heat, and the whole system languid and exhausted. Nothing so soon gives relief as Holloway's Pills.

HOLLOWAY'S PILLS AND OINTMENT—Diarrhœa, Bowel complaints—Whenever the stomach fails faithfully to perform its functions, indigestion is sure to be produced, the issue of which is ever uncertain. The undigested food, after passing through the sluggish stomach, irritates the bowels, and sets up Diarrhœa, by which it is carried off, and the body is relieved for a time. Perhaps this is the least objectionable product of disordered stomachs, though gradually it will pull down the strongest. To check the first symptoms nothing previously prescribed equals Holloway's Digestive Pills, aided by his Ointment, rubbed over the stomach and right side. Their action over the stomach, liver and bowels, is immediate, beneficial and lasting, restoring order and ease, and removing at one and the same time both the cause and the results of the diseases.

MINING SUPERINTENDENT—GEO. ROBINSON, Esq.

This Company has been formed for the purpose of developing and working several extensive and valuable seams of Anthracite Coal lately discovered in Queen Charlotte Island.

At present this is the only mine of pure Anthracite Coal known to exist on the Pacific Coast, and from the large and increasing quantity required and shipped to San Francisco and other ports the discovery is one of great importance and value.

The Company have had reserved to them by the Government Twenty Thousand Acres for mining purposes, five thousand of which is secured (at present) by lease at the nominal rent of $100 per annum, with the additional privilege of purchasing 1000 acres at $1 per acre for a town site.

The coal seams, from three to seven feet in thickness, are situated on the South of Graham Island, Queen Charlotte group, about 2000 yards from the shores of a fine Bay and about 400 feet above the level of the sea. the construction of an easy and inexpensive tramway about one mile in length, together with a wharf of about 150 feet projection are all the works the Company will require to enable them to offer coal in the markets.

The quality of the coal has been fairly tested. The engineers of several of the steamers have pronounced it to be of the very best quality; it has also been used by the proprietors of the foundries in the city of Victoria whose reports are annexed, and declared by them to be equal if not superior to the best Pennsylvania Anthracite Coal

The great advantage of the position of the mine cannot be brought too prominently to the notice of intending Shareholders, its close proximity to the coast, together with its superior quality renders it of great value; also an easy access for vessels of any tonnage, a safe and commodious harbor perfectly sheltered and land locked with secure and good anchorage, will enable vessels at all seasons and weather to load at the Company's wharf.

There is a large demand for anthracite coal to supply foundries, steamers, &c., &c., in San Francisco, Portland, Victoria and other ports, all of which has to be shipped from the Eastern States or from Europe at a great expense, the selling price ranging according to quality from $16 to $25 in some markets, in others higher; the trade to Panama and along the Pacific coast will be considerable. An extensive trade will also be open with China and Japan. The naval stations of England, United States of America, France and Russia, must necessarily consume a large quantity.

HOLLOWAY'S PILLS

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and encumbering suspended secretions. Universally adopted as the one grand remedy for female complaints these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of diseases be-establish the digestion, regulate all the secretions, grace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vror'

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Douloureux
Bilious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
Colics	Fits	Retention of Urine	Worms of all kinds
Constipation of Bowels	Gout	Scrofula, or King's Evil	Weakness, from what ever cause &c., &c.
Consumption	Head-ache	Sore Throat	
Debility	Indigestion	Stone and Gravel	
	Inflammation

MINING SUPERINTENDENT—GEO. ROBINSON, Esq.

This Company has been formed for the purpose of developing and working several extensive and valuable seams of Anthracite Coal lately discovered in Queen Charlotte Island.

At present this is the only mine of pure Anthracite Coal known to exist on the Pacific Coast, and from the large and increasing quantity required and shipped to San Francisco and other ports the discovery is one of great importance and value.

The Company have had reserved to them by the Government Twenty Thousand Acres for mining purposes, five thousand of which is secured (at present) by lease at the nominal rent of $100 per annum, with the additional privilege of purchasing 1000 acres at $1 per acre for a town site.

The coal seams, from three to seven feet in thickness, are situated on the South of Graham Island, Queen Charlotte group, about 2000 yards from the shores of a fine Bay and about 400 feet above the level of the sea. the construction of an easy and inexpensive tramway about one mile in length, together with a wharf of about 150 feet projection are all the works the Company will require to enable them to offer coal in the markets.

The quality of the coal has been fairly tested. The engineers of several of the steamers have pronounced it to be of the very best quality; it has also been used by the proprietors of the foundries in the city of Victoria whose reports are annexed, and declared by them to be equal if not superior to the best Pennsylvania Anthracite Coal

The great advantage of the position of the mine cannot be brought too prominently to the notice of intending Shareholders, its close proximity to the coast, together with its superior quality renders it of great value; also an easy access for vessels of any tonnage, a safe and commodious harbor perfectly sheltered and land locked with secure and good anchorage, will enable vessels at all seasons and weather to load at the Company's wharf.

There is a large demand for anthracite coal to supply foundries, steamers, &c., &c., in San Francisco, Portland, Victoria and other ports, all of which has to be shipped from the Eastern States or from Europe at a great expense, the selling price ranging according to quality from $16 to $25 in some markets, in others higher; the trade to Panama and along the Pacific coast will be considerable. An extensive trade will also be open with China and Japan. The naval stations of England, United States of America, France and Russia, must necessarily consume a large quantity.

Of the 15,000 shares forming the Capital Stock of the Company 7,500 are classed A (original shares) paid up to £1, and liable to addditional call of £1	£7,500 0 0

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 862

"As a sample of English clockwork on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 862

RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY,

STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,

AND

RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.

ITS FIRST INDICATION

Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhœa, or Flux,
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. *So swift* is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTHACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty-five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.

THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarious Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

CAUTION.

In all cases ask for Radway's Ready Relief. Take no other. See that the signature of Radway & Co. is on the outside label of each bottle. Every agent is supplied with a new and fresh stock. Price 25 cents per bottle. Sold by Druggists, Merchants and country storekeepers.

HOLLOWAY'S PILLS AND OINTMENT.—Influenza, Colds.—In diseases of the throat and chest, so prevalent in this country, nothing so speedily relieves or so certainly cures as these inestimable remedies. These disorders are too often neglected at the commencement; or are injudiciously treated, resulting in either case, in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consummates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred on the stomach and frame generally; the fluids are regenerated, morbific matter is expelled, and a happy revolution occurs throughout the system.

HOLLOWAY'S OINTMENT.—Wounds, Scalds, Burns, and Irritating Sores.—The peculiarly mild, soothing, anti-inflammatory power exerted by this Ointment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spite of the greatest caution and utmost vigilance. The scratch, the burn, or the scald, treated early with this Ointment, assumes no angry aspect, and never long tortues the little sufferer, whose very cry excites each bystander's compassion and pierces the parents heart. Every nurse should consider this invaluable Ointment an essential to a well appointed nursery. The Ointment is applicable to any ore, whatever its character. It conducts to health as sure as the compass points to the north.

HOLLOWAY'S OINTMENT AND PILLS—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's unrivalled Ointment and Pills' the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisfactory cure. The two medicines act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

HOLLOWAY' OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applicaions of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only, but complete and permanent.

AS ALTERATIVES,

They exercise a more powerful influence over the liver and its secretions than calomel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spleen Difficulties, Jaundice, Dyspepsia, Bilious attacks, Headache, &c. In the treatment of Fevers, either Bilious, Yellow, Typhoid, and other reducing Fevers, they are superior to quinine. Their influence extends over the entire system, controlling, strengthening, and bracing up the relaxed and wasting energies, and regulating all the secretions to the natural performance of their duties, cleansing and purifying the blood, and purging from the system all diseased deposits and impure humors.

DR. RADWAY'S PILLS.

Bilious Fever,		

If afflicted with either of the above named diseases, "one to six" boxes of Dr. Radway's Pills will cure you. By taking a few doses of the common Drastic Pills—that gripe and pinch you when they operate—you may obtain temporary relief; but if you stop taking these imperfect pills for a week or a month, your old complaint returns Now, this is not the method of cure indicated by Dr. Radway's Pills. They make a perfect cure, and the patient will not require any more medicine.

PILES, STRAINING AND TENESMUS,
PILES, STRAINING AND TENESMUS,

Are the results of Inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of RADWAY'S REGULATING PILLS.

THEY WILL PURGE THOROUGHLY AND LEAVE THE BOWELS REGULAR.

Persons afflicted with Piles, may rely on a positive cure by their use.

HOLLOWAY'S OINTMENT AND PILLS.—The family medical chest that is furnished with these powerful remedies needs nothing more. Indigestion, general debility, liver complaint, eruptions, sores, wounds, ulcers, tumours, &c., are infallibly cured by their use. They purify the blood and give tone and vigour to the whole system. The Ointment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, the cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S PILLS.—No family should be without these pills.—Their long-tried efficacy in removing indigestion, stimulating the bowels, and purifying the blood, have secured them imperishable praise throughout the globe. Whatever the disease, a few doses will relieve the more urgent symptoms and thereafter completely control all disordered action, rouse the torpid liver, empty the engorged spleen, cleanse the obstructed kidneys, assimilate the food, improve the blood, and thereby confer on the brain and every function healthful vigour, natural activity, and wholesome regularity. In cases of indigestion, dimness of sight, headache, mental and physical lassitude, these restorative Pills act as a charm. They expel rheumatism and gout, while they infallibly correct female complaints in young and old, delicate and robust.

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S OINTMENT AND PILLS—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the free circulation, and expel the disease. In these complaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves, vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have the happiest effect in assisting the Ointment.

HOLLOWAYS PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.
